

YOU MADE IT THIS FAR.

I O U
one coffee.

A proper coffee.
A proper conversation.
Our shout.

Bring your question.
We'll bring the brainpower.

BUT FIRST...

What's the problem?

A confusing bill? A renewal coming up?
Something that just doesn't add up?

THE THING I WANT TO SORT OUT

MY COFFEE ORDER

No perfect brief required.

Tell us what's on your mind today. Let's work through the energy question, then catch up over coffee when we meet.

THE COFFEE PLAN

1 Say hello.

Start with a genuine energy enquiry. A question, a bill or a knotty problem is a good beginning.

2 Keep this IOU.

Print it, fold it into thirds and save it for our in-person catch-up.

3 Coffee's on us.

We meet customers across Australia. When we arrange to meet in person, bring this along and we'll buy you a coffee.

Your question doesn't have to wait.
